## About us

First established in 2016 in Collingwood, Stomping Ground is a neighbourhood brewery bringing people together over a great beer. We believe beer should be for everyone and brew great beers to suit all tastes, from laid-back easy drinkers to adventurous spirits.

With Brewery & Beer Halls already in Collingwood and at Melbourne Airport, we are excited to be opening our third at Morris Moor in May 2021. In the meantime, enjoy our Summer Beer Garden pop up!
